

The American Institute of Architects Continuing Education System

AIA/CES Registered Provider Program Summary Handout

Provider: Glass Association of North America	Length: 1 hour
Program #: FRGC01	Credits: 1 LU Hour
Program: Fire-Rated Glazing Today	HSW: Yes

Description: A study of the manufacturing process for fire-rated glazing.

Learning Objectives:

- ◆ Overview of fire-rated glazing
- ◆ Fire protection requirements
- ◆ Common terminology
- ◆ Primary product types
- ◆ Key considerations
- ◆ Future developments

How Taught: The CES facilitator utilizes a PowerPoint presentation to provide an in-depth overview of what is fire-rated glazing, its uses and applications. The presentation concludes with an overview of the benefits of using glass in architectural applications, along with additional educational resources.

A/V Needs: Electrical power, screen and computer projector for the PowerPoint presentation. (The CES facilitator supplies the laptop and laser pointer.)

Target Audience: Architects, specifiers, owners and other design professionals in the commercial market. The ideal audience size can be one on one or over 50. The program meets every experience level with time designed into the program for questions and answers.

Facilitator Qualifications: All GANA CES facilitators have been trained on CES guidelines and presentation skills. In addition, the facilitators are individuals working within the commercial architectural glass industry, representing the Association.

Costs: There is no cost to bring this program into your firm or chapter meeting.
